1877 Solomon Lowenstein 1942

SOCIAL work and the National Conference, of which he was president in 1938, lost a great leader with the passing of Solomon Lowenstein in the midst of a busy day's work. For a generation his wise counsel, warm friendship, patience with human frailties, administrative strength and world-wide interest made him a national figure in the development of American social work.

Thank God for such a man.

Vote for Officers

THE official ballot for the election of officers and members of the Executive Committee and the officers and members of the Section Committees has been mailed from the Conference office to all members of record who are entitled to vote or who will become entitled to vote upon the payment of the current membership fee. The ballots may be returned in the ballot envelope to the National Conference office at any time prior to May 1. After that date they may be mailed to the Conference office in New Orleans, in care of the Roosevelt Hotel, or may be deposited at the registration desk at Conference Headquarters until 5:00 p. m. on Tuesday, May 12, at which time the polls officially close. John Reimers, School of Social Administration, Ohio State University, Columbus, Ohio, is chairman of the Committee of Tellers.

Whose Idea Was That Meeting?

IN the October issue of the Conference Bulletin there was an article on the work of the Program Committee as it started its building the program for the New Orleans meeting. The major part of this Bulletin is devoted to the results of their work—the Preliminary Program.

A large part of the program is based on suggestions received from the field. The table on the next page shows the number of suggestions that were received for the program of the New Orleans meeting (total 566); from where they came (104 communities in 34 states and the District of Columbia); and the number of suggestions used in whole or in part (275) in the General Sessions, Sections and Special Committees.

In interpreting the table several factors should be kept in mind.

1. "Suggestions received" include only those which were received in time for the consideration of the Program Committee at its first meeting. Those received following that date were sent directly to the chairmen of the Sections or Associate Groups and were not included in the count.

2. In the suggestions used there is duplication of subject matter. In other words, practically the same subject was suggested by quite a few different communities such as "What Shall We Do to Prepare for the Aftermath of the War." In the table, this shows up particularly in the General Sessions. There are six General Sessions and 35 suggestions from 29 communities are included in the programs which will be presented. This duplication in itself showed a widespread desire for particular subjects to be discussed.

3. As might be expected, all Sections did not receive an equal number of program suggestions. For instance, many more suggestions were received which were of interest to the Case Work Section than to the Section on Social Action.

4. The program suggestions not used by the sections and Special Committees were resorted and sent to the Associate Groups for their use in planning their programs. While no reports were requested from Associate and Special Groups as to how many of the suggestions were used, it can be assumed that all were carefully considered and many were used.

Annual Business Meeting

THE annual business meeting of the Conference will be held in New Orleans on Thursday, May 14, at 4:00 p. m., the place to be announced in the Daily Bulletin. Reports of various standing committees and any other business that should come before the business session will be on the agenda. Be sure to save this time for the business meeting.

The Time and Place Committee

THE Time and Place Committee, Tom Wintersteen of Chattanooga, Tenn., chairman, will meet at 4:00 p. m. on Monday, May 11, in New Orleans. The Committee will then make its recommendation for the annual meeting in 1943 and will receive tentative invitations for the meeting of 1944. According to the policy of rotating the annual meeting in different predetermined areas of the country, invitations are in order for 1944 from Area I, the cities on the Atlantic seaboard from Montreal to Washington, D. C. Detailed information regarding the requirements and necessary facilities for the annual meeting of the Conference can be secured by writing to the general secretary at the Conference office in Columbus, Ohio.

Suggestions for Nomination

THE chairman of the Committee on Nominations, George W. Rabinoff, assistant director, Council of Jewish Federations and Welfare Funds, New York City, earnestly requests that members of the Conference submit at once their suggestions for nominations for president, first, second and third vice presidents, for members of the Executive Committee, for Section chairmen and committee members of the various Sections. The Committee on Nominations will report at the meeting in New Orleans. These nominees will be up for election at the meeting of 1943.

Many suggestions have been received and the Committee is already at work. However, it is not too late if you have some names to submit. It is only as Conference members send in such suggestions that the Committee can be fully aware of social work leadership developing in all sections of the country.

Your suggestions should be addressed to Mr. Rabinoff in care of the Conference office, 82 North High St., Columbus, Ohio.

Attendance Fees

ALL persons attending the annual meeting are required to register at Conference Headquarters and secure an admission card by the payment of the appropriate attendance fee. The "admit" card must be shown at the door for admission to all program meetings (except General Sessions) held throughout Conference week. The attendance fee is not a membership fee and is paid **only** at the time of registration at Conference Headquarters in New Orleans. Please do **not** mail it in advance.

The schedule of attendance fees is as follows:

Conference members	}	\$1.00
Designated representatives of member agencies		
Non-members		\$3.00

Student attendance: Full-time graduate and undergraduate students particularly from schools of social work may register by the payment of a \$1.00 attendance fee regardless of membership providing they secure from their instructor or dean the proper certificate in advance of the meeting. A supply of certificate blanks should be secured by the instructor from the Conference office with instructions for issuing by April 15.

One-day attendance: For those who can attend only one day there is a one-day fee of \$1.00.

Placement Service

THE Social Work Vocational Bureau, 122 East 22 Street, New York City, which provides a national placement service in the social case work field will have representatives of its staff at the National Conference this year. The Social Work Vocational Bureau is a cooperative membership organization with no placement fees.

Agency executives and social workers are invited to visit the booth and consult the Bureau representatives about job opportunities and Bureau membership.

Attending the Annual Meeting

Before leaving for New Orleans—

Send for your room reservation. A blank for your use is included in this Bulletin together with a list of the hotels and rates. If you should neglect to take care of this before arriving in New Orleans, go directly to the Housing Bureau located at Headquarters in the Roosevelt Hotel where a reservation will be made for you.

Plan your attendance—

1. Study the preliminary program. The major part of this Bulletin is devoted to the preliminary program of the annual meeting. Study this carefully so that you will have some idea of the meetings you will wish to attend, keeping in mind that there may be some changes between the publication of the preliminary program and the time of the annual meeting.

When planning which meetings you wish to attend, remember you can't possibly go to all meetings any more than you can eat everything on a menu. If you and a co-worker are attending the annual meeting and there are two programs in which you are interested scheduled at the same time, you might each attend one of these meetings and then report the main points to the other. Plan also to attend certain meetings which promise to have value for your own agency and be prepared to report to a staff or board meeting when you return.

2. Consultation Service. Included in this Bulletin is a list of the national agencies who are offering consultation service at the annual meeting which often is one of the most valuable parts of the Conference. If you have a particular problem that you would like to talk over with a specialist in a particular field which is represented in the consultation service, don't miss the opportunity afforded at the annual meeting.

Upon arrival in New Orleans—

1. Go to the place where you have your reservation and get settled.

2. Go to Conference Headquarters in the Roosevelt Hotel, register, pay your attendance fee and secure your copy of the final program. (The attendance fee is \$1.00 for members, those registering

on agency memberships and accredited students in schools of social work and \$3.00 for non-members.) If you are not already a member of the Conference, this is a good time to join and become a real part of this great all-inclusive Conference of social work.

3. Find a quiet spot where you can sit, read and think.

4. Study your program and decide which meetings you want to attend. When doing this remember:

- a. You can't attend all meetings.
- b. If you go to too many meetings, the same thing will happen to your mind as happens to your digestive system if you eat too much.
- c. If you sample meetings, you will leave the annual meeting feeling you have accomplished nothing.

5. Take advantage of the consultation service which is in the Roosevelt Hotel. Assembled there are representatives of more than fifty national and state organizations who will be glad to discuss their work with you or talk over any difficulties or plans that you may have that are in their field of social work.

6. Read the Daily Bulletin. This will keep you up-to-date on new meetings scheduled and changes in the program. These are distributed at the evening General Sessions or may be secured the following morning at Information Service (located at Headquarters in the Roosevelt Hotel).

7. Information Service. If you have any questions and do not find the answers in your program, ask at Information Service (located at Headquarters in the Roosevelt Hotel). If they do not have the answer, they will try to find it for you. Some of the things they will be able to tell you are:

- a. Where people who have registered are staying.
- b. Where to go for recreation.
- c. What local social work agencies to visit and when visitors will be received.

8. Make friends. The annual meeting offers the opportunity of meeting and talking with the people in your profession from other communities and enables you to see and know the leaders in social work from the entire country. Save time to make friends. Succeeding Conferences will mean more to you.

COLLECT YOUR DIVIDENDS!

MAY 10-16 many social workers will be investing their money (and tires if they drive) in a trip to New Orleans to attend the annual meeting of the National Conference of Social Work.

As with all investments, dividends are expected and they are to be found at the N. C. S. W. These differ from the 6% type in that they mean more to others than they do to the one who collects them. The dividends we are speaking of are: learning to do the job better and what our place is in the total social and welfare picture of the nation. (Perhaps we were wrong when we said they would mean more to others. What more

satisfactory dividends are there than improving our own work and helping to make our country a better place in which to live.)

Elsewhere in this Bulletin the formal program of the annual meeting is included. Other very valuable sources of dividends are listed below. These national agencies, representing many fields of social work, will have specialists available in New Orleans for consultation about your particular problems which may be in their field of work. Study this list carefully in view of your own needs and plan time for consultation as well as attendance at meetings.

Programming to Meet Community Needs.

Four simultaneous group meetings, in each of which there would be a 30 minute presentation made by one of the members of one only of the study groups mentioned below. This presentation of program is to be based on the consideration of a selected specific actual community, but the program is to be for a generic composite agency, which might have branches for different aspects of the work if thought necessary and which presumably might involve also a consideration of national programs which lend themselves to local use. As a preamble to this presentation a brief statement of specific needs to be met would be outlined. Presentation is to be followed by discussion during the balance of the period.

AMERICAN ASSOCIATION OF PSYCHIATRIC SOCIAL WORKERS

Margaret Mink, Director of Case Work, Illinois Children's Home and Aid Society, Chicago, Illinois, Chairman.

The successful outcome of our national effort to maintain and strengthen a way of life which stands for the development of the individual depends on the mental health, steadiness and unity of the citizenry. Every social worker with psychiatric education and experience has a deep responsibility to contribute service to the best advantage in the present situation, in which no individual can remain unaffected. The present programs for the care and prevention of mental illness are basic resources on which national defense will rely now and in future years. We have, therefore, chosen to present the functions of the psychiatric social worker in relation to various psychiatric and social problems. These problems include both those acute ones created by the present emergency and those more chronic difficulties which are the culmination of the years. From the knowledge, skills, and insights currently utilized in psychiatric social work one may envisage the contributions from this field to the tasks which lie ahead.

will be in the Roosevelt Hotel on the mezza-
nine floor. As soon as you have been settled in your
room we advise that you go to Conference head-
quarters and register. Only at the Registration
desk can you secure the official program and your
admittance card to meetings. This card must be
shown for admission to all meetings (except Gen-
eral Sessions). Therefore, register first and save
yourself considerable inconvenience.

Housing Bureau

A HOUSING BUREAU will be maintained at
the Conference Headquarters during the an-
nual meeting to make adjustments if possible
where rooming accommodations prove unsatisfac-
tory or to take care of those who come at the last
moment without any room reservation. You will
save yourself time and energy if you need this
service by coming directly to the Housing Bureau
at Conference Headquarters.

BE A CONFERENCE MEMBER

THE Conference is a membership organization. It is supported by its members and its service to all social work is possible because of its members—regular, year-in-and-year-out members. You and your agency should be members if you are not now. For personal members, the annual fee is \$5 (\$3 if you do not wish the Proceedings). For agencies, the annual fee is \$25 (institutional) or \$10 (sustaining). All members receive the Conference Bulletin and the Proceedings (except as noted above). Agency members may register members of board or staff at the annual meeting with the \$1 attendance fee (see page 4): institutional members, five; sustaining members, two.

By being a member you not only support the National Conference but establish your right to vote (beginning with the second year of membership) for officers and on questions of policy. You belong—you participate. If not now a member, please use the blank below—now.

HOUSING RESERVATIONS

If you are planning to attend the annual meeting in New Orleans next May, you will be wise to send your request for a housing reservation early. It is anticipated that in addition to the hotels many private homes will have to be used.

A Housing Committee for Negro delegates has been organized under the chairmanship of

W. H. Mitchell
Executive Secretary
Dryades Street Y. M. C. A.
2220 Dryades St.
New Orleans, La.

Negroes wishing advance reservations should send their requests directly to Mr. Mitchell.

Housing reservations for all others should be sent to

Sam Fowlkes
Convention and Visitors' Bureau
P. O. Box 1460
New Orleans, La.

All reservations will be acknowledged through the regular channels.

In mailing your request for reservations, it is suggested you use the application form printed below. Designate your choice of accommodations. Your first choice will be granted if possible.

The Roosevelt has been selected as headquarters for the National Conference of Social Work.

With the supply of single rooms already limited as a result of numerous advance reservations, the Housing Committee suggests that, insofar as possible, delegates plan to engage double rooms and share them with room-mates.

The Housing Committee can assume responsibility only for reservations made through its offices.
